FOOTBALL FRONTIER NEWS

DEPART FOR TOMORROW!

SATURDAY, APRIL 13, 2019 // ISSUE 1

NEW TEAM IN TOWN!

NO SPONSORS, NO TEAM!

The requirement of sponsorships has rocked the world of soccer. As teams are now required to have large amounts of funding to qualify to play in the prestigious sport, the sponsor-less students of Backwater Jr. High team have found their playing field demolished and no longer a home to pursue their passion for playing soccer.

Sonny Wright and his team of underdogs chance everything and travel to the mainland to become a part of Raimon Jr. High's team, home the last years' s champions. They are challenged from the start as they are set to face off against the current top ranked school, Polestar Academy.

These underdogs will be challenged in their quest to qualify for the Football Frontier and keep their dreams of playing soccer alive.

FOOTBALL FRONTIER PRELINIMARIES A BLOCK, 1st MATCH
RAIMON VS POLESTAR:
Raimon Junior High and Polestar Academy have taken the field and it appears that Raimon's team is an entirely new lineup from last year's squad.

Originally from Backwater Island, how will this new team perform on the field?

Polestar Academy is a huge favorite to win this match. They are currently in first place in the training-match rankings after having already defeated Royal Academy.

The newest Raimon member has scored the first point against top-ranking Polestar Academy! The stadium is going wild and the eager Raimon Eleven look pleased!

SPECIAL MOVES?

Much to Polestar Academy's surprise, Basile Hardy, the newest member of the Raimon Eleven, executed his **Special Move,** the **Fire Tornado in** today's match !

With excellent precision and timing, Basile was put Raimon Jr. High up a point early in the game.

What other secret weapons are the Raimon Eleven hiding as they keep fighting for their chance to play? Do they have enough heart and skill to qualify for the Football Frontier?

PLAYER SPOTLIGHT

RAIMON JR. HIGH

Sonny Wright: Originally from Backwater High School, Sonny Wright wears the #10 and plays the forward position for Raimon Jr. High. Sonny is a hugely optimistic and positive young man with a deep love of soccer. His infectious love of the game can spur on not just his own team, but also the opposition. He's had a hard time in the recent past with the loss of his mother and the disbandment of the Backwater High soccer team.

He has a habit of pointing his index finger sternly at people when he is talking to them, but yet finds a way to encourage everyone around to love soccer.

Birthday: November 10
Fun Facts: Those who meet Sonny always say: "The Sun's Always on His Side"
